

LEDA RECOVERY GRANTS PROGRAM

I've submitted my grant application. What happens next?

Submitted grant applications begin the review process, which may take 2-3 weeks. If your application is missing any documentation or if we need more information, the reviewer assigned to your application will contact you via email and you'll be given an opportunity to make the corrections.

Applications will be reviewed and prioritized after the close of each application round.

You will be notified once your grant application has been approved or declined.

If you've already submitted a grant application, you do not need to submit another application. Duplicate applications will not be reviewed.

I missed the grant deadline for the first round. Can I still apply?

Yes. Grant applications will be accepted as long as funds are available, but no later than December 31, 2021. The applications will be accepted in two-week application periods, with a new application period starting immediately after the close of the previous application period. Please check the NMFA website for updates.

If you have any questions, email Recovery@nmfa.net or call (505) 992-9696.
